

## Erasmus Information - Incoming Students! WELCOME TO THE INSTITUTE OF SOCIOLOGY ☺

### Dear Erasmus Student!

We will be very happy to host you at the Institute of Sociology (part of Institute of Philosophy, Sociology and Journalism) at the University of Gdańsk.

In order to make your visit here more useful, easier and profitable here you will find some hints how to find yourselves among the complicated procedures ☺

1. When you've made a decision to come and study sociology at the our Institute, you need to prepare a learning agreement - a list of subjects you choose to study in Gdańsk.
2. Majority of courses offered at our Institute are conducted in Polish. However, each year we offer courses in English as well. Make sure you have chosen the subjects in the language you are able to speak and learn (e.g. Polish or English). Please mind that majority of them take place in the winter semester. The list of subjects can change depending on the students' interest. Therefore be prepared for making changes in your learning agreement after your arrival to Gdańsk.
3. Each subject has a given number of ECTS credits. See the table below. You can also choose courses from other Institutes as long as courses are in Department of Social Sciences and teacher agrees.
4. In majority of courses the credit is given with the grade. Below you'll find a scale of grades used at the University of Gdańsk.

<i>ECTS grade</i>	<i>UG grade equivalent</i>	
A	very good	5,0
B	plus good	4,5
C	good	4,0
D	satisfactory plus	3,5
