

FACULTÉ
DES SCIENCES DU SPORT
& DE L'ÉDUCATION

From April 12th to April 17th, 2021, the Faculty of Sports and Educational Sciences of Brest (France) is organizing two events for "Sea-Eu" students:

1) The European "Sea-Eu" Day, sport and solidarity

On Thursday April 15th, 2021, the Faculty of Sports and Education Sciences and Sports Management students are offering a day of videoconferences based on sport, water activities and social inclusion. Participants will also have the opportunity to discover the activities, training and specialties of the FSSE. Finally, it will involve a moment of discussion on the experience of foreign students in Brest, a student city, a maritime city, a sporting and cultural city.

Program of the day (*subject to minor modifications*):

9.30 am-10 am: Welcome of the participants, presentation of the speakers and the day.

10 am-10.45 am: Presentation of the University of Western Brittany and the Faculty of Sports and Education Sciences: its organization, activities, training.

11-11.45 am: Conference on inclusive sport and Sustainable Development. Presentation of the sporting event "La Solidaire de Brest".

11.55 am - 12.30 pm: Conference on boating and maritime activities in the Brest region.

2 pm: Return to the morning and welcome the participants.

2.30 pm-3.30 pm: Roundtable on studying abroad with the participation of international students from the FSSE.

3.45 p.m. - 4 p.m.: Final words and thanks.

This day is organized with the active participation of Bachelor 3 and Master degree Sport Management students. It is aimed at students from universities in the "Sea-Eu" alliance offering training courses in sports management, boating and social inclusion through sport.

All levels of training, from Bachelor 1 to Master degree, are likely to be interested in this day, which also aims to bring universities closer to the "Sea-Eu" alliance in order to develop a real educational, cultural and institutional partnership.

2) "La Solidaire de Brest"

"La Solidaire de Brest" is an inclusive sporting event organized by Bachelor 3 Sport Management students from the Faculty of Sport and Education Sciences in Brest.

"La Solidaire de Brest" is a charity run or walk: the proceeds of the event go to the "Association des Paralysés de France" and "Handi chien" associations. The amount of profit depends on the total number of kilometers driven.

This year, the event is being held in a "connected" format: from April 12th to 17th, participants can complete their course remotely, alone or in small groups.

"La Solidaire de Brest" is appealing to students of "Sea-Eu" universities and offering them to participate in the event from their country. All information and conditions of participation are available on [La Solidaire de Brest | Course Caritative \(wixsite.com\)](https://www.wixsite.com/la-solidaire-de-brest)
