WARSAW CYBER SUMMIT
ANNOUNCEMENT & INVITATION

Warsaw, ... January 2021

Dear Sir / Madam,

On behalf of the War Studies University and the National Cyber Security Centre authorities I have a pleasure to invite you to the 2021 Warsaw Cyber Summit – Legal Panel, which will be held as a hybrid event combining both in-person and virtual experiences on May 12 – 13, 2021 at the War Studies University in Warsaw – Rembertów, Poland. Please find attached a provisional agenda of the Conference.

The two-day Conference will be divided into two main panels – theoretical/legal (venue: War Studies University, Warsaw – Rembertów; May 12 – 13, 2021) and practical – case study (venue: National Cyber Security Centre – NSCS, Legionowo; May 13, 2021).

The 2021 Warsaw Cyber Summit will cover cutting-edge contemporary challenges in the military cyberactivity & military activity in cyberspace and bring together military cyber experts, senior legal advisors, government practitioners and academic experts, NATO & Partnership for Peace nations as well as governmental and non-governmental entities.

I am pleased to inform you that we have already received very favourable responses from a variety of national, regional and international institutions (NATO bodies/commands, representatives of the USA, Canada and European Countries including Denmark, Ukraine, North Macedonia, Hungary, the Czech Republic, Turkey, Albania, Georgia, the Baltic States) and I do believe that the Warsaw Cyber Summit will constitute a platform for exchange of best practices among prominent practitioners.

The Academic Center for Cybersecurity Policy is a new think-tank, set up in 2020 by the decision of the Minister of National Defence to support, coordinate, analyse and monitor cyber legal issues in the governmental and, especially, military environment. The Academic Center for

Cybersecurity Policy cooperates with private and public institutions in the cyber domain in the Republic of Poland.

The National Cyber Security Centre is a highly specialized and elite military unit, responsible for key areas related to IT, cryptology and cyber security. NCSC was founded in the Ministry of National Defence in 2019, as a comprehensive approach to cyber security issues, which require constant cooperation of ICT and crypto security experts with hardware and software acquisition specialists as well as the assembling and maintenance of military networks and systems.

I sincerely hope that you will be able to attend the Warsaw Cyber Summit in May 2021 and contribute to the valuable discourse. Please notify us on your preferred mode of participation (in-person or virtual).

It is possible to attend the event either as a speaker/moderator or as an engaged listener. If you are interested in participating in / moderating one of the panels in your field of interest, according to the names & aims of the consecutive subjects in the agenda of the 2021 Warsaw Cyber Summit: day 1 / 2, please let us know the title and duration of your speech.

Active participation (speech / discussion panel) should be given from the venue – War Studies University, Warsaw – Rembertów, if possible.

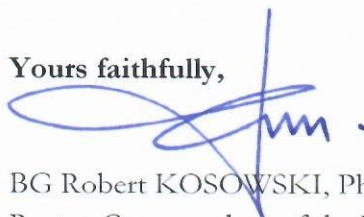

The Warsaw Cyber Summit 2021 is free of charge. Confirmation of your attendance and/or any questions regarding administrative issues (e.g. list of recommended hotels in Warsaw) may be referred to the War Studies University / Academic Center for Cybersecurity Policy via emails: zb.nowak@ron.mil.pl / p.krawczyk@akademia.mil.pl.

The official language of the Conference is English. Translation and interpreting services will be available. Additional details for the 2021 Warsaw Cyber Summit – Legal Panel (e.g. transportation between Warsaw and Rembertów, hosted dinner – May 12, 2021; catering, official website) will be provided in February / March 2021.

Please note that RSVP deadline to the present invitation is February 26, 2021.

This announcement and invitation concerns only the 2021 Warsaw Cyber Summit – Legal Panel. The National Cyber Security Centre is in charge of sending announcements and invitations for the practical, case study panel (one day – on May 13, 2021).

Yours faithfully,

BG Robert KOSOWSKI, PhD
Rector-Commandant of the War Studies University
